Message:

Glenda,

Jeff Dosset, UHS sales representative, asked that I write you to confirm that Image 1.5 LC (Liquid Concentrate) is no longer produced by BASF. For the last year and a half, Image has only been available as a 70% DG (Dispersible Granule), a dry formulation. Most commercial distributors have sold all remaining inventories of the liquid formulation.

If you have any questions, please feel free to give me a call.

Regards,
